INTRODUCING

sercon

Sercon supply consumables of the highest quality for all isotope ratio monitoring mass spectrometers and elemental analysers. Our unique approach of providing the highest possible quality at the most competitive prices means that now all users can benefit from our products.

COMPANY INFORMATION

Sercon was established in 2000 to provide a range of services and consumables to users of isotope ratio mass spectrometers and elemental analysers.

Our focus on excellent customer service has resulted in rapid growth and recognition as a supplier of high quality elemental analyser consumables and as a manufacturer of scientific instruments.

ABOUT THIS CATALOGUE

This catalogue contains lists of most products available for a large range of elemental analysers. The lists are not exhaustive, if there is anything you require that is not listed please contact us.

GLOBAL SHIPPING

Sercon's head office is in the U.K. but we routinely distribute our products all around the world. This may be direct from the factory or through our authorised distributors. Due to the high volumes that we distribute we have obtained incredibly low international distribution prices and free shipping can be offered for higher order values.

CUSTOMER SERVICE

Our prime objective is to offer a friendly and efficient purchasing experience. All Customer Service and sales personnel have a great deal of expertise in customer care and a willing and helpful nature.

PRODUCT QUALITY

All consumables supplied are of the Sercon brand. The Sercon brand is a guarantee of product quality.

Sercon branding means that the products have passed our quality standards and are fit for use on the designated instrument. We constantly monitor quality and use the same consumables on our own instrumentation for on-going quality assessment.

All products are of an equal or better quality to those supplied by the OEM.

ISOTOPE GRADE

Isotope ratio analysis requires a higher level of product purity to obtain the best results. All products supplied are of a quality suitable for elemental analysis and isotope ratio determination.

Sercon are manufacturers of isotope ratio instruments and understand the requirement for exacting analysis.

PRICING

A detailed price list can be obtained by request from Sercon.

Our prices are very competitive and we aim to offer the lowest prices for products of a comparative quality.

OTHER CATALOGUES

Sercon is constantly increasing our range of products and services. Please see our website for a list of currently available catalogues.

OTHER PRODUCTS

In addition to the supply of consumables and spares, Sercon are dedicated to the design manufacture and support of Isotope Ratio Mass Spectrometers and their associated sample preparation systems.

Sercon manufacture a range of Continuous Flow and Dual Inlet Mass Spectrometers and the popular ABCA2 - Automated Breath ¹³C Analysers, now in its fifth generation. Sercon also develop and manufacture a wide range of sample preparation systems including EA, GC, Cryo-focus and High Temperature Pyrolysis systems.

All our instruments are backed up by unparalleled service and support and we can offer scheduled and emergency service visits, service contracts and a full range of spare parts for all Sercon and Europa Scientific / PDZ Europa systems.

HEALTH AND SAFETY

All products are supplied labelled with the appropriate Hazard Pictogram for a quick reference as to what safety hazards may be involved in the use of the product.

Material Safety Data Sheets are provided or can be downloaded directly from our website at www.sercongroup.com

Users are encouraged to consult their own COSHH or laboratory safety procedures for safety precautions to be implemented while using the products.

PRODUCT ORIGINS

All products are of an equivalent or superior quality to those that may be supplied by the OEM. The use of brand names, instrument names, instrument company names does not imply that the products originate from the instrument manufacturer.

The names of various manufacturers, their instruments, and their products referred to herein may be protected by trademark or other law, and are used herein solely for purpose of reference. Sercon expressly disclaims any affiliation with them or sponsorship by them.

ORDER PROCESS

1. Contact us by telephone, fax, letter or e-mail, stating our part number(s) where applicable, description and quantity required.
2. Please provide an official order number or letter of authority to confirm that the goods will be paid for.
3. Please clearly state the delivery address for the goods, contact name and telephone number (this will enable us to deliver quickly).
4. Please state the delivery address for the invoice (if different from above), contact name and telephone number. If you are VAT registered, please quote your registration number.
5. We will confirm receipt of your order and give you an expected delivery date.
6. We will notify you when the goods have been dispatched along with the airway-bill number where applicable.
